

# FIRST STEPS TAKEN FRIDAY

Janesville Will Be Chosen Temporary Headquarters of Republican Party at Present.

## LEGAL PROCEEDINGS HAVE BEGUN

Notice Served on the Old State Central Committee for Credentials--Cooper Nominated for Congress.

(By Staff Correspondent.)

Janesville, May 21.—Janesville is to be the temporary headquarters of the State Central Committee. This was the decision reached at the conference of the new committee with Chairman Theodore Goldin at the Park hotel last evening. Later the work of the campaign will be conducted from an office in Milwaukee but for the present, Janesville is to be the scene of the most active work. Now that all the excitement of the week has practically subsided, the legal phases of the situation are being carefully considered. Attorney John Olin, an authority on procedure in a case like the present one has been retained by the republican party to act as their advisor. That every step of the meeting at the Armory and every step at the republican convention at the Fuller Opera house was carefully thought out before any action was taken now seems to be an assured fact and the question of legality which will be settled by the courts doubtless, will have a volume of evidence presented to it for consideration.

**National Committee.**  
There is no doubt now that the question as to which delegation will be seated at the republican national convention in Chicago being decided on June 16th, and the republican leaders claim that with the mass of evidence which they will present at that time Senators Spooner, Quarles, Baensch and Babcock will be seated. Word has been received here from the Badger colony in Washington endorsing the action of the republican convention and the nomination of Cook, and while it will double the anxiety of the democrats to capture the congressional delegation, it will have the effect of bringing into Wisconsin the greatest republican leaders on the stump to hold the congressional delegation for the republicans.

## CONVENTION ECHOES THAT EXPLAIN LENROOT'S PLAN

Chairman of the Gathering at Armory Hall Followed Instructions That Were Given Him.

As an echo of the La Follette meeting at the Armory in Madison, on Wednesday last, come many stories regarding the cut and dried proceedings of Chairman Lenroot in recognizing different La Follette leaders at the proper moment. Following a type written sheet of paper, presumably written at the dictation of Governor Lenroot closely adhered to the thirty pages of instructions prepared before the convention convened as to what was to be done and said by whom. Examples of this are interesting to note.

Chairman Lenroot had taken his seat as temporary chairman. He had made his address. Mr. Roseberry of Wausau, representing the minority of the state central committee, asked for recognition. Senator McGilvray, of Black River Falls, also asked for recognition. Mr. Lenroot said: "I will recognize Mr. Roseberry for the purpose of making a report and then will recognize Mr. McGilvray for the purpose of presenting a resolution."

Nothing had been said about a resolution by the gentleman from Black River Falls, but Mr. Lenroot's type written instructions had told him that was what Mr. McGilvray was to do at this time.

A little later while Mr. Jeffris had the floor, Mr. Tucker, the secretary of the state central committee, passed a note to Judge Bancroft who was seated in the front row of the delegates directly in front of him.

Judge Bancroft failed to understand it and stepped as near to Mr. Tucker as the space would permit and after attracting the attention of Mr. Lenroot then sat down.

The report in question was in the ante room, being copied for the newspapers. Word was quickly sent to the man in charge and before Mr. Bancroft could deliver what he hoped to be a body blow Mr. Roseberry had explained its absence from the room as had Mr. Douglass of the Sentinel and the scene was averted. Meanwhile one of the La Follette

leaders will now step into a prominence not hitherto held. The endorsement of Edward Scofield by the republican convention endorsed by Spooner, Quarles, Babcock and Minor and other prominent republicans, for the vice presidency may cause the steering committee of the national convention to seriously consider his claims in view of the fact that Wisconsin may now be considered in the doubtful column owing to two tickets being in the field dividing the republican party. While both the meeting at the gymnasium and the convention at the opera house name the same presidential electors still there is a margin left by which a democratic delegation might creep in and in view of this fact Scofield's name is being seriously considered.

**The First Legal Step.**  
The first legal steps in the controversy were taken last night when Chairman Goldin of the State Central Committee served a written notice upon former Chairman Bryant and Secretary Tucker, demanding that the various documents used as evidence in the state contests of delegates seats be preserved and that Mr. Goldin or his attorney be allowed to examine and make copies of such as he desired. These documents are to be used in the contest before the national republican committee on credentials.

**Fathers Chosen.**  
At Monroe yesterday Congressman H. A. Cooper of Racine was nominated for congress and Ogden H. Fethers of Janesville and George A. Yule of Kenosha elected as delegates from the first congressional district as delegates to the national convention at Chicago. This gives the republicans sixteen of the twenty two delegates and the La Follette followers six. Cooper himself has refused to take either side in the present controversy remaining on neutral ground in his own opinion. That he will be forced to take one side or the other before the campaign goes much further is now expected.

## EIGHT DEATHS IN CLOUDBURST

### RUSH OF WATER BURSTS DAM

Disaster Adds Volume to the Flood Which Rushes Down the Valley, Carrying Destruction With It—Road Tracks Are Washed Away.

Denver, Colo., May 21.—A cloudburst and heavy rains in southern Wyoming and northern Colorado Friday caused at least eight deaths and did immense damage to property.

The cloudburst was at the head of the Cache la Poudre river. The rush of water caused the dam at Livingston lake, forty-five miles above Fort Collins, to burst, and this added an immense volume to the flood, which swept down the valley, carrying destruction with it.

The towns of Livermore and La Porte were practically swept out of existence. At the latter place, one person is known to have been drowned, as well as a child at Fort Collins, and it is believed the death list will grow as soon as full reports can be received.

**Hundreds Are Washed Away.**  
Bellevue, Wellington, and a portion of Fort Collins are under at least four feet of water, and in some cases the flood has reached the caves. Two railroad and five iron wagon bridges near Fort Collins have been washed away.

At Fort Collins the river is more than a mile wide. The homes of the 600 Russians are inundated and while half of the families succeeded in escaping, the others are floating about in their homes among the tree tops. Several of the houses have entered the river current and it is more than probable many persons will be drowned.

One family of seven, living in the bottom lands near Fort Collins, is believed to have been drowned.

**Tracks Are Washed Out.**  
Ranchmen in the bottoms and all other dwellers are hastening to the high ground. Greeley is threatened. Many large reservoirs may be destroyed which will add greatly to the danger.

A telephone message from Cheyenne, Wyo., says the Crow river, which runs through the city, is bank full. Ten or twelve miles of the main line of the Union Pacific are washed out, as are several miles of the Colorado Southern.

Two Clayton children, Private Hughes of the Thirtieth artillery, and two men, a woman, and a child, whose names have not been learned, were drowned. Besides these many persons are missing.

Several lives are reported lost among the ranchers living along the Crow. The river has spread through the lower portions of the city and threatens immense damage.

William Birch, alias 'Doc' for Louis E. Reisch, a Buffalo importer, followed two thieves, whom he detected stealing diamonds worth \$500 from his employer, and secured their arrest.

The treasury department at Washington Friday drew a warrant for \$9,000,000 in favor of J. P. Morgan & Co. as the fiscal agents of the Republic of Panama. In final settlement of the canal purchase.

## CANDIDATE FOR LIEUT. GOV. DEAD

Robert S. Fort, Member of Illinois State Legislature, Passed Away This Morning.

(Special by Scripps-Mellae.)  
Springfield, Ill., May 21.—Robert S. Fort, a member of the Illinois State Senate and a candidate for Lieutenant Governor before the present state republican convention, died this morning of pneumonia. He was taken sick during the convention. He was a lawyer and prominent in Marshall county politics.

North Washington, O., May 21.—Dynamiters robbed the postoffice at North Washington for the third time in four months, securing \$2,500.

# COSSACK ARMY ROUTED JAPS

News Is Received of the First Real Japanese Defeat by the Russians.

## SWOOPED DOWN ON THE INVADERS

Russian Cavalry General with the Pick of the Czar's Horsemen Is Said To Have Defeated Kuroki's Army.

(Special by Scripps-Mellae.)

St. Petersburg, May 21.—Following news of the disasters to the Japanese fleet, the Russian general staff Friday received official advices of the defeat of the Japanese force which was marching northward from Feng-Wang-Cheng for the purpose of executing a flank movement on Mukden. Gen. Rennenkampf's Cossacks fell on the Japanese columns advancing from Feng-Wang-Cheng Wednesday and the Japanese were compelled to retreat twelve miles to save themselves from destruction.

**Kuropatkin Entraps Japs.**

Since Gen. Kuropatkin sent a column northward to gain the road leading directly west from Mukden, Gen. Kuropatkin has kept it under the closest surveillance, awaiting the moment when it should be so distant from the main Japanese army as to prevent its easy reinforcement. In observing this plan the Russians withdrew and the Japanese, not finding a strong force of the enemy before them, continued to advance. When the time for action came Gen. Kuropatkin let Gen. Rennenkampf loose from leash.

Gen. Rennenkampf had under his command only a few regiments, but they were the flower of the Cossack cavalry. May 18 he fell on the enemy, whose number has not yet been revealed, with such vigor as to compel the Japanese retreat toward the Japanese base, near enough, it is presumed, to receive reinforcements from Gen. Kuropatkin, who must immediately have been advised of the results.

**Picked Cossacks Strike.**

The Russian operation is described by the general staff as just such a move as it was expected Gen. Kuropatkin would make and for which Gen. Rennenkampf was fitted and chosen. The latter's appearance on the stage was somewhat late. It had been intended that he should raid Corea at the beginning of the war, but he arrived at the front too late.

The general staff believes Gen. Rennenkampf's attack must have been in the nature of a thunderbolt. He is a man to attack quickly and hard, once given the opportunity, and his men, veterans of the Chinese campaign, had been selected especially because they knew what it was to be under fire.

The casualties sustained by the opposing forces have not yet been announced.

**Kuropatkin Gives His Losses.**

The following dispatches from Gen. Kuropatkin to the emperor has been received:

"Liaoyang, May 19.—A detachment of Cossacks engaged a detachment of the Japanese advance force May 18 north of Feng-Wang-Cheng in a mountainous district. The fight began in the morning and lasted until 2:30 in the afternoon. The Japanese were successively dislodged from the four positions, extending over fifteen miles. The pursuit of Japanese was stopped at Dalanday, thirteen miles north of Feng-Wang-Cheng, or in the village of the Al river from Salmatsa to Kuan-Dian-San on the road to Duan-Slam-Linta. A squadron of Japanese cavalry which left Kuan-Dian-San May 17 for Salmatsa was repulsed by one of our patrols at Schong, twelve miles from Kuan-Dian-San. The patrol retired without loss. Japanese infantry 2,000 strong advanced May 15 toward Salmatsa, which was evacuated May 16.

**KUROPATKIN.**

**Kuroki's Halt Explains Mystery.**

Apprehension of Rennenkampf's Cossacks hovering on the north, the authorities say, may explain the cautious action of General Kuroki in establishing a strong base at Feng-Wang-Cheng and halting the column which was marching on Hal-Chong. It may also be a solution of the mystery of New-Chwang, which was reported to have been evacuated, but is now said to be reoccupied by the Russians, for if Kuroki has definitely stopped his westward movement Kuropatkin could safely continue to hold New-Chwang without danger of the occupying force being cut off.

## HIGH SCHOOL HAS A BIT OF RADIUM

Which Is Attracting Much Attention Among Students Interested in Sciences.

A microscopic bit of radium, mounted on a small point in a tube provided with a magnifying glass in one end and a chemically prepared screen in the other, has been added to the equipment of the high school laboratory. It was purchased from a Chicago supply house for the sum of five dollars. The atom in its process of continual disintegration throws off a never ending stream of tiny electrons, resembling sparks from a miniature forge. No change in weight is perceptible with the finest scale after this process has been going on for months.

## INTERSCHOLASTIC AT MADISON ON JUNE 4

Is Expected That More High Schools Will Be Represented Than Ever Before.

June 4 is the date of the tenth annual meet of the Wisconsin interscholastic Athletic Association, to be held under university auspices at Camp Randall field in Madison. Last year thirty-nine schools were represented and this year, with the jubilee week attractions, the entry list should break all previous records. Milwaukee with her three large high schools will send the largest delegation on a special train. On account of the large entry list the time limit in several of the runs has been reduced.

## THIRTEEN PERISH WITH SHIP

Coal Steamer Strikes Rock and Sinks in Fog Off Cape Breton.

North Sydney, N. S., May 21.—The worst marine disaster in the history of the St. Lawrence river coal trade occurred off Cape North, the northernmost point of Cape Breton, when the British steamer Turbot, Bay, laden with coal and bound from Sydney to Montreal, struck on the rocks off St. Paul's island and sank in deep water twenty minutes later, causing a loss of thirteen lives. Only nine men of a crew of twenty-two were saved.

## NEWSPAPER SCORED BY THE METHODISTS

Los Angeles Sheet Prints a Scurrilous Story Relating to Candidate for Bishop.

(Special by Scripps-Mellae.)  
Los Angeles, Cal., May 21.—A morning newspaper printed a story to the effect that Dr. James R. Day, Syracuse, candidate for bishop, knocked down Prof. Alexander Hilde, and called him a liar in a controversy over higher criticism. The conference adopted a resolution declaring the story a disgrace to journalism and withdrawing press privileges.

## GILLESPIE TRIAL NOW ADJOURNED

Servant Offers Testimony in Favor of Her Employers in the Case.

(Special by Scripps-Mellae.)  
Rising Sun, Ind., May 21.—Annie Dettmer, formerly a servant in the Harbour home, testified in the Gillespie trial this morning that Mr. and Mrs. Myron Harbour were at home when the shot which killed Elizabeth Gillespie was fired. Both left by the front door shortly after. She denied having told the Grand Jury Mrs. Harbour gave her a peculiar look when she heard the shot. Several witnesses gave testimony along the line of an alibi which the defense is attempting to prove. Mrs. William Gillespie and Miss Anna Mullen testified to the peculiarities of Elizabeth Gillespie. Said quilt speaking to them without any apparent cause. This closed the evidence for the defense except the four defendants and case adjourned till Monday.

Ohio Institution Is Short \$30,000, and Receiver Has Been Appointed.

(Special by Scripps-Mellae.)  
New Ark, Ohio, May 21.—The New Ark Savings Bank suspended this morning. A receiver has been appointed, pending investigation of alleged discrepancies of employees. Assets are said to be a hundred and seventy thousand dollars; liabilities over two hundred thousand.

## OLD FOGY STILL TALKS OF REFORM

TAKES UP THE QUESTION OF FIRE PROTECTION, VIEWS OF AN OLD GRUMBLER

Thinks Present System Could Be Much Improved, at a Small Outlay of Money.

To the Editor:

The air is so full of political mutterings that perhaps I may be excused for feeling some of the excitement. We have had during the past spring one of the fiercest sets of political caucuses that the city of Janesville has ever known. First city and then state both democratic democrats have settled their squabble as to who shall be the choice of the state democracy for president, and the republican party with two tickets for state officers in the field with the legality of each in question and the democrats still fighting and squabbling among themselves as to who shall be their candidate. It is enough to make an old fogy like me shudder to think what this country is coming to. Added to this, we now have an election of mayor to worry over and then our troubles just begin.

**Fire Stations**

During the last few days I have talked with many of our leading manufacturers regarding the fire protection of the city. They are with one accord full of praise for the Janesville department and the excellent work they are capable of doing in time of emergency. Still however they felt that the city should be prepared to meet any emergency that might arise. The fact was pointed out to me that Spring Brook and Monterey are practically without any immediate fire protection. By immediate I mean speedy protection such as the down town districts now have. The claim is raised that the run to these portions of our city are too far for quick work and that a small fire might become a dangerous conflagration before the company could arrive owing to the time it would take to drive the apparatus to the scene.

**Worth Considering**

This seemed to me worth considering. How can we better protect our factory districts? This should be a topic carefully considered by our city fathers. Not only carefully considered, but also settled upon. One manufacturer suggested another fire station and gave as an excellent location the block near the head of the Jackson street bridge. He claimed that by these means the whole southern and southwestern portion of the city could be protected and that the lower end of the Third ward would also come into the zone of protection as soon as the Racing st. bridge was built. He suggested that one of the hose companies be stationed at the new station with extra lengths of hose for long distances from hydrants.

**Increase Force**

This would mean an increase in the number of the present fire department members, but this is considered a necessity at the present time anyway and would only mean that the city would be better able to meet any emergency that might arise. For as my friend the manufacturer explained in case of a big fire in any portion of the city the department could call on the Spring Brook company to come to a down town fire station to protect the business district from any second fire that might arise. This done in the in city's where much territory is covered and could easily be accomplished here.

**Awnings**

I do not like to appear always as a complainer and investigator of kinks but I would like to call the attention of the police officers to the fact that many of the city awnings are way below the level prescribed by law and that pedestrians are much annoyed by the fact that they have to stoop to pass under them in front of many stores. This could be easily remedied and the answer made, "of the awnings are too low walk on the outside of the walk where they do not reach." Perhaps this is true but still the fact remains, these awnings are below the proper level and the matter should be attended to.

## MR. HAPKE GOES TO SEE ABOUT DELAY

Grading on Sidetrack to Sugar Factory Is Completed and Laying of Rails Is Anxiously Awaited.

Theodore Hapke went to Chicago this morning to interview the railroad officials regarding the laying of the sidetracks to the sugar factory. The grading has been completed and the work has now come to an abrupt stop. It is thought that the delay on the part of the railroad company is due to the fact that the bridge gang is elsewhere employed. An eighty-foot bridge must be constructed here and the officials are doubtless waiting until they can send the whole crew here. In the meantime the structural steel that has been loaded on the cars at Dresden cannot be brought here and the matter is getting to be a serious one.

## JANESVILLE HAS EXCELLENT CHANCE

Of Securing the Location of Division Headquarters For New Branch of St. Paul.

Master Mechanic John Fox of the St. Paul road told a Rockford girder Thursday that the race for the division headquarters of the new branch of the road that is to tap the coal fields of Illinois. Three possible locations are now receiving the attention of the officials. They are McNab, Davis Junction and Janesville. The two latter places, according to Mr. Fox, are better situated as possible distributing points than the first named, especially in regard to the coal, and one of the two seems likely at this time to be selected.

## FLORA DE VOSS CO. CLOSES TONIGHT

Performances Have Been Uniformly Excellent—"Jack O' Diamonds" Is Bill This Evening.

A large audience was genuinely pleased with the presentation of "The Girl From Tennessee" given by the Flora DeVoss Co. at the Myers theatre last evening. The attraction tonight is "Jack O' Diamonds" and it is expected that the closing performance of this meritorious popular-priced company will be accorded similar patronage.

## LITTLE FOLKS GAVE PROGRAM

Interesting Exercises at the Washington School Yesterday Afternoon.

The Millinet Band of Mercy held a very interesting meeting at the Washington school yesterday afternoon. It being in the order of a reception to Miss M. Chittenden, who gave the Band their outfit. The program was as follows:

Song—Four Boys.  
Remarks by President Frank Flazrity.  
Reading, Alice Angle.  
Song, The Linnet School.  
Reading—Grace Wilson.  
Recitation—Maud Skinner.  
Song, Bluebirds—School.  
Recitation—Roy Cannon.  
Friends—Willam Soverhill.  
Review of good done during the month by members of the Band.  
Miss Chittenden was then called on and gave quite an interesting talk to the children.  
Many residents of the city have remarked what an influence these Bands are having. Hundreds of the children now wear the little gold star, and many acts of kindness to old people and invalids are recorded, as well as those to animals.

## HUMANE SOCIETY DOES ITS WORK

Eases the Pain and Labor on a Poor Old Team of Horses on Thursday.

Day before yesterday an incident took place that shows the value of a Humane Society in our city. An old team of horses, one small white one weighing perhaps eight hundred pounds, old and poor, the other a larger horse but with a leg so diseased that it was at least four times the ordinary size. This team had a load of stone which teamsters said weighed at least two tons. Neither horse was shod behind. The driver was trying to have the team drag this load up Court street hill and one third of the way they gave out. The whip was freely applied, regardless of the remonstrance of number of people who stopped to see them. The white horse trembled and was as wet as if dipped in the river. The president of the Humane Society was telephoned for and when he came, gave the driver the choice of being arrested or throwing off half of the load. Even after half the load was taken off the horses could not move it, and the team from an ice wagon was put on, and even they had a hard pull.

## TOBACCO TALK A TOPIC DISCUSSED

What Is Doing in the Leaf at the Present Time—General Movement Is Good.

Another week of cool weather from which we are just emerging has not in any way helped the prospects of the plant beds, though the heavy frost Monday morning has worked but little injury. Growers report that there are plenty of young plants showing upon the beds, though they are considerably behind those of other years at this date. Under suitable weather conditions the plant beds come forward very rapidly and farmers have not given up hope that plants of the usual size will be ready for transplanting by June 15th to 20th which is considered early enough at this latitude. A few growers say their plants show four or more leaves and seem to be doing fairly well, even during the cold wave when protected by canvas coverings. We continue to have an abundance of moisture and need only warm days to send along an amazing growth of the plants. The delays of a late spring interfering with other farm work is what the tobacco farmers have most to fear at the present writing.

While one grower claims that the weather is too cold for the young plants to make any remarkable progress, another claims that his beds never made a better showing and claims that he will be able to plant at the usual time, and with an abundance of first-class plants to spare. In spite of the cold weather that has prevailed of late.

Very little business of any importance was transacted here this week in the old leaf, but some big deals are under way for that coming week and it is predicted that by the close of the week an old time business will have once again been brought to light.

S. Grundy returned home Monday from a long but fruitful trip up in the northern part of the state and shipped to this city a five car load lot of leaf in the bundles.

S. B. Hedges opened his assorting room here Tuesday and is now running the Sumatra Shade grown over the tables.

The day of the cheaper grades of tobacco has about waned and if placed on the market at all will be a hard seller. Purchasers are looking for the better class of goods and when found are willing to pay a price in keeping with the quality. One or two good sized transactions are in progress, but we withhold report until consummated. Plant beds give a fair promise and under favorable conditions from this on there ought to be an abundant supply.

The shipments out of storage reach 2 car loads, 110 cases, from this market to all points for the week past.—Edgerton Reporter.

There will be a song and devotional service Saturday evening and Rev. C. M. Starkweather of Milton Junction will speak. The convention will be favored by the presence of the Clarion Male Quartet of Janesville all day Sunday and in the evening. The members are A. J. Cleveland, first tenor; E. E. Van Pool, second tenor; H. E. Cary, first bass; C. H. Brady, second bass. The Sunday morning program at the Methodist church will be as follows:

8:45—Song and Devotional Service. Led by J. T. Wright, Janesville.  
9:00—Our Losses.  
9:20—Discussion.  
9:30—Everyday Problems From Superintendents. Stump Point.  
9:40—Discussion.

## JUMP THE ROPE A GOOD EXERCISE

Is One of the Best Methods of Exercise if Judiciously Done by the Little Folks.

"Ninety-eight, ninety-nine, one hundred," pants the little girl who with a group of young friends is jumping rope on the corner. And her little lips are blue; her breath comes in sharp, blinding gasps.

When she goes into the house her mother will be startled and alarmed when she complains of feeling dizzy and sick. Her mother doesn't know that she has just completed the enable feat of jumping the rope one hundred times without stopping.

This is just the time of the year every child who can save five cents with which to buy a skipping rope, or who can take a couple of yards of clothes line to serve the same purpose, does so.

She skips to school, and holds one end of the rope until her turn to jump "front door," or "salt n' pepper," or some similar hair-raising feat. She skips until the bell rings, and at recess, and after school until supper time. And the thing is done to excess.

A prominent physician said of the popular child's exercise:

"Jumping rope is a most healthful as horse-back riding, or walking or running, or any other motion. But it is this exercise, carried to excess that makes it unhealthful. I am glad to see my children skipping the rope, and would encourage children to do so, unless of course, they have a weak heart."

In that case, rope-jumping is most injurious to them. It stimulates the heart action, and causes the blood to rush to the heart, giving it too much extra work to do. In such a case, even harm may result at the result of over-action.

But taken in moderate, nothing can be better for the little people than the up-to-date motion of skipping the rope."

"WIRE AT MY EXPENSE"

"Wire at my expense if any one in Indianapolis keeps Father John's Medicine. It has done me worlds of good and I need more of it at once. (Signed) J. P. Tulley, Hotel Iroquois."

A copy of this message from a traveling man will be sent on application, together with other letters from those who recommend Father John's Medicine as a tonic and body builder in the spring. No weakening stimulants. Builds up the body and makes strength at the same time it cures colds and all throat and lung troubles. Not a "cough syrup" or balsam, but the prescription of an eminent specialist. Fifty years in use. Guaranteed.

The Badger Drug company, corner Milwaukee and River streets, sell Father John's Medicine.

## SUNDAY SCHOOLS IN CONVENTION

AT LIMA CENTER NEXT SATURDAY AND SUNDAY.

SOME INTERESTING PROGRAMS

Have Been Prepared for the Session—Each School in County Sends Two Delegates.

At Lima Center on Saturday and Sunday, May 28 and 29, the Rock County Sunday School convention meets in its thirty-sixth annual session. The reception and assignment of delegates and appointment of committees occurs at eleven o'clock Sunday morning and this will be followed by a devotional exercise and program at 2:00 p. m. Rev. L. E. Waerent will greet the visitors and President W. T. Dobson of Beloit will make the response. "Vital elements in the Success of the Sunday School" will be discussed by Rev. J. M. Judy of Orfordville and Rev. L. W. Winslow of Beloit will consider the very interesting problem of "How to Best Keep up the Attendance in Sunday School between the ages of 12 and 20." The reports of delegates, officers, and committees will follow.

**Sunday Morning Program**

There will be a song and devotional service Saturday evening and Rev. C. M. Starkweather of Milton Junction will speak. The convention will be favored by the presence of the Clarion Male Quartet of Janesville all day Sunday and in the evening. The members are A. J. Cleveland, first tenor; E. E. Van Pool, second tenor; H. E. Cary, first bass; C. H. Brady, second bass. The Sunday morning program at the Methodist church will be as follows:

8:45—Song and Devotional Service. Led by J. T. Wright, Janesville.  
9:00—Our Losses.  
9:20—Discussion.  
9:30—Everyday Problems From Superintendents. Stump Point.  
9:40—Discussion.

Includes All Schools

The association includes every Sunday school in the county and the work is of and for the denominations. Each school is asked to send two delegates and churches are requested to forward the names to Miss Mabel Boyd, Secretary, Lima Center, on or before May 27. All will be amply cared for and all who are interested in the work should attend with Bible, notebook and pencil. The offering of two cents per cent enrollment of each school as well as all personal pledges, goes to pay the expenses of the county conventions, pledges to state work, postage and incidental expenses. The reception and entertainment committee will consist of: Mrs. Johnston, Lora Kenyon, Jeanette Alexander, Mrs. Lila Truman, Mrs. Waldman and Mabel Boyd. The county officers are: W. T. Dobson, President; Beloit; Miss Cora Ross, Secretary; Beloit; W. W. Gilles, Treasurer; Evansville; J. T. Wright, Supt. of S. S. Missions; C. H. Macomber, Musical Director; Beloit.

## AMONG THE WORLD'S WORKERS

News Notes From Various Sources of Great Interest to the Workingman.

As the result of a wage disagreement between the operators and miners of the Sixth Ohio District, 2,500 coal miners have been ordered to strike. The operators asked a general production of 21 per cent. In machine mining, while the miners would accept only 5.5 per cent from last year's scale as agreed upon at the Indianapolis convention.

A general strike of the brotherhood of teamsters, which has a membership of alleged to be over 10,000 drivers of various kinds in New York and its vicinity, is threatened unless the Truck owners association grants the new demands of the truck and wagon drivers.

One hundred and fifty mechanics employed in the Pennsylvania railroad shops were laid off Wednesday and the wages of fifty car cleaners at the Jersey City terminal were reduced five per cent. It is said that 1000 men will be affected by the reduction of them any millions of dollars invested in improvements.

Almost 1,200 men and girls have been laid off indefinitely by the Westinghouse electric and manufacturing company at Braddock, Penn., within the past four days. The employees laid off are almost all night workers and are from every department. A slackness in orders for electric equipments is given as the cause.

In Lancashire, England, 50,000 textile workers are either idle or employed on half time.

The Pennsylvania Railroad company has issued orders for a five per cent reduction of wages and the laying off of a considerable portion of the working forces in the various departments of the Attona shops. This means that about 600 men will be laid off immediately and a reduction of from ten to twelve hours a week made in the working time of the shop men. One thousand men will be affected by the reduction. The company is inaugurating its annual spring retrenchment.

Paper mills of Wisconsin and Fox River Valleys may be shut down indefinitely. The reason given is that the shut-down is necessary to maintain the price of print paper manufactured in these mills. Three times in the past six months all the state mills have been shut down to maintain prices. The supply is getting large again, and the manufacturers hope to see the stocks lowered before beginning their summer business.

## DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century, discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y., on every bottle.

The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

## FREE DISTRIBUTION of MUNYON'S PAW-PAW

AROUSES ENTHUSIASM OF JANESVILLE PEOPLE.  
Scores of Sample Bottles Given Away Free.

Doctors, Judges, Lawyers and Ministers Among Those Now Testifying This Great Cure.

## EVERYBODY INTERESTED

Prof. Munyon Claims His Remedy Will Not Only Cure All Forms of Indigestion and Nervousness, but Will Add Years to the Average Life.

## Stops All Nerve Waste.

By Making Good, Rich Blood, Which Feeds the Whole Nervous System.

Munyon's Paw-Paw is to the Human Body What Oil is to Machinery—It Takes Away All Friction, Tension and Strain.

As we expected a large crowd through the Drug Store of the People's Drug company and King's Pharmacy, all day yesterday to obtain Munyon's Paw-Paw Remedy. Among the crowd were some of our best known citizens—a number of doctors obtained a bottle. One of them volunteered the remark that he had heard of the curative qualities of the remedy and would give it a thorough trial. One of our leading lawyers took a dose before he left the office and said that "he expected now to live as long as Methuselah did." Most people seem to have an abiding faith in this remedy believing they are going to be cured.

One old gentleman said that he believed in Munyon and in Munyon's Remedy, that Munyon's Rheumatism Cure had cured him of a chronic case of Rheumatism that afflicted him for more than fifteen years.

Another gentleman said if this remedy is as good as his Kidney Cure it should find its way into every home in Janesville as Munyon's Kidney Cure had cured him of a bad case of Kidney ailment.

The professor would possibly have felt a little abashed could he have heard the warm praises that a well-dressed lady showered upon his family remedies which she said she kept continually in the house.

The crowd was so great at times that the attendant was unable to hand out the bottles fast enough and one or two bystanders were called in to aid him.

We hope that every person who suffers with dyspepsia, catarrh, or has anything the matter with his stomach, or anyone who is nervous or cannot sleep, obtained a bottle before the free samples were all gone.

We would say to those who were unable to call for this free sample, that this remedy is for sale in all the drug stores throughout the State.

## ...Forty Years Ago...

Janesville Daily Gazette, Saturday, May 21, 1864.—Hon. L. C. Sloan has our thanks for Congressional favors.

The 36th regiment has been ordered to the front. It will join the 2nd corps near Spotsylvania.

The United States Sanitary Commission has been establishing agencies for the collecting of soldiers' claims without cost to the claimants. This is another great charity inaugurated by this gigantic benevolent association.

Good For Hot Weather.—Ellis & Bro. at their ice cream and confectionery establishment on Main street keeps as nice an article of ice cream as the veriest epicure could desire. The public generally seems to have discovered the fact and large numbers are visiting their rooms to partake of the luxury may be regarded as an indication. While this warm weather lasts there will be a large demand for this grateful article.

A large car has been built to be used between New York and Washington, for the transportation of mails. There are apartments in the car in which letters to civilians are assorted on the way.

The wife of Rev. M. Stone, a baptist clergyman at Berlin, in this state devotes his spare hours to type-setting in the office of the Courant.

Gallantly Done.—This afternoon a little boy some six or seven years of age, named Fox, fell in the river from a boat near Williamsport's saloon. The accident being witnessed by a young man by the name of Hanchett, he immediately ran through to the alley in the rear of the building, and plunging into the river rescued the little fellow from the perils of a watery grave. The act of Mr. Hanchett was nobly and gallantly done, earning him the admiration of those who witnessed it and a blessing from the friends of the lad saved.

General Sedwick was killed while occupied in making out a plan for the fighting ground for his command. His staff were around him at the time, when a sharpshooter fired three shots at him. One of the aids remarked that they were making a target of him, when he replied there was no danger of his being hit at that distance. A moment later the fatal bullet struck him in the face killing him instantly.

## Coming Attractions.

Al. H. Wilson the celebrated German dialect comedian and sweet singer comes to the Myers Grand. Friday, May 27. The management Messrs. Yale & Ellis, have this season provided Mr. Wilson with a new romantic play, "A Prince of Tatters" (a tale of old New York) and as "Hugo" Mr. Wilson has one of those enjoyable types of German character for which he is so peculiarly adapted. During the action of the play he will sing six new songs, all immensely popular.

"Choosing a company for the presentation of a poetic or lyric play like my new Kleopatra drama, is no light task," said Otto Skinner yesterday to an interviewer in Chicago. "It is no means a matter of merely going to the theatrical market and paying the price the players ask for their services. Indeed, the need for such an effect as I desire to obtain for this exquisite work calls rather for an assistance of the market with its clamor of 'commercial names' and instead of vigil in solitude and earnest reflections of the past performances of such actors as suggest themselves for the various difficult roles. After considering and reconsidering a long list of names for over four months I have finally chosen my cast and for once in my life remained satisfied with my selection after the trying fire of the first rehearsals. I feel sure that I have secured as assisting artists a company of players admirably equipped both to realize the poetry and simple idealism of this great play so fortunately secured by me from many competitors. 'The Harvester' will be seen here May 29 at the Myers Grand Opera house.

The Edison Projectoscope Co. at Myers Grand Opera House.

The Edison Projectoscope Co. of New York city have been engaged to give one of their grand entertainments of Moving Pictures, Illustrated Songs, Concert and other entertainment at Myers Grand Opera House Monday and Tuesday evenings May 23 and 24. On this occasion all the very latest Moving Pictures will be presented from all parts of the world. Among the most interesting will be the Great Train Robbery, showing the hold-up of an express train and the escape of the

bandits and the final capture. Many others will be presented on this occasion, such as the Funny Faces, Spring House Cleaning, Uncle Sam's Midgets, Pole Vaulting, Uncle Tom's Cabin, over 1200 feet in length with 18 scenes, Alice in Wonderland and over 50 others. Special announcement is made of Mr. Harry Willard, America's Greatest Piccolo-Banjoist, Mandolinist and Violinist, Mr. Howard D. Argo, Musical Director and Accompanist and Mr. W. Robert Goss. All the very latest Illustrated Songs will be presented, and from present indications this company will no doubt play to the seating capacity of Myers Grand Opera House for their three engagements on Tuesday and Wednesday May 23 and 24 and Wednesday afternoon, May 24th.

"Esmeralda" which is the play to be presented at the Opera House on June 2nd by Walter Pyre and his exceptionally strong company, is one of the most famous successes seen in recent years by the New York Public Mr. Pyre has obtained the rights to produce the play on his present tour. The play is by William Gillet, author of "Sherlock Holmes," and its scenes are laid in North Carolina and later in Paris. The title role "Esmeralda" which is played by Miss La Follette was one which was formerly made note worthy by Annie Russell's impersonation. The part of the rustic lover, Dave Hardy, will be played by Mr. Pyre. The play is a thrilling one, being full of strong situations and presenting at the same time the beautiful love story. The play has many quaint bits of humor and several interesting and lovable characters aside from the chief ones to be seen in the hands of Mr. Pyre and Miss La Follette. Mr. Pyre who is playing a summer time in the Middle West should interest many, as they are famous for their great success before the critical public of New York. "Prince Karl," "Esmeralda," "A Russian Honeymoon" are all plays of the highest literary character. Prince Karl was Munsfield's first and greatest comedy success, while Gillet's "Esmeralda" is regarded as a classic and was so favorably received that it was published by Harper's magazine as an example of fine play writing.

**Galvanic Soap**

**DOES THE WORK**

Galvanic Soap is all soap—pure soap and white. Contains no "filler" and goes farther than any other soap because of its purity and scientific construction. Removes the dirt without rubbing and without injury to the skin or the hands. Test: Dampen a dry handkerchief and rub it over your face and neck. Then take a bar of Galvanic Soap and rub it over the same area. You will find that the soap has removed the dirt and the handkerchief will come away clean without resort to the washboard.

Perfect Health for All Women. Zoa Phora Will End Your Troubles and Make Your Life a Joy—It Has Always Done This for Women and Always Will.

FREE TRIAL BOTTLE TO ALL WOMEN. No matter how many doctors have tried and failed; no matter how many remedies you have used without results, Zoa Phora will cure you and your cure will mean something. It will be complete and perfect and permanent. It always has done this and always will. All the women who have suffered from any of the diseases peculiar to their sex and who have used Zoa Phora have found relief in the security of perfect health and all the happiness it brings. Zoa Phora cures all diseases and irregularities of women, displacements, leucorrhea, suppressed and painful periods, flooding, piles, kidney trouble, and liver troubles and regulates the changes of life. So many women who do not bring letters from women who have been cured of some of these terrible diseases and whose lives have been made happy by the noble and wonderful medicine of Zoa Phora. Mrs. George S. Miller, McClure, O., E. F. D. No. 1, says: "I was so nervous and broken down that I could not do any work. I doctored with two of our home doctors, and they said I had heart trouble. I had spells with my heart when it would beat so hard and then I would faint away. I received a sample bottle of Zoa Phora, which I took according to directions, and thought it was just what I needed, so I threw the doctor's medicine away and got a large bottle of Zoa Phora. It helped me so much that I bought two more bottles, and now I am well and strong. I do not have the spells with my heart since I took Zoa Phora and I am regular now, where before I took Zoa Phora I was very irregular and had severe pain at monthly periods. I have found it to be truly a 'Woman's Friend.' If anyone calls in person or writes to me, I will give them the particulars in my case. I hope this will help induce some suffering women to try Zoa Phora." Write the Zoa Phora Co., Kalamazoo, Mich., for a free trial bottle and copy of their illustrated medical book, "Zoa Phora—Advice to Women." The doctor will gladly give you medical advice when needed. Zoa Phora is for sale at \$1.00 a bottle by all druggists.

## Whiskey and Beer Habit

PERMANENTLY CURED BY "ORRINE,"

ABSOLUTELY SAFE, SURE AND HARMLESS. Physicians pronounce drunkenness a disease of the nervous system, creating a morbid craving for a stimulant. Continued indulgence in whiskey, beer or wine eats away the stomach lining and stupefies the digestive organs, thus destroying the digestion and ruining the health. No "will power" can heal the inflamed stomach membranes. "ORRINE" permanently removes the craving for liquor by acting directly on the affected nerves, restoring the stomach and digestive organs to normal conditions, improving the appetite and restoring the health. Can be given secretly if desired.

Cure Effected or Money Refunded. Ask your druggist whom you know what he thinks of ORRINE; he will endorse our statements as truthful in every respect. If ORRINE fails to cure we will refund you every penny paid for it as cheerfully as we took it.

No Sanitarium Treatment or Publicity! No Absence from home or loss of time! Mothers, wives and sisters, you cannot cure those who are afflicted with this most terrible of all diseases by your fervent prayers, or eyes red with tears, nor by your hope that they may stop drinking. It can be done only with ORRINE. You have the remedy—will you use it? If you desire a cure without the knowledge of the patient, buy ORRINE No. 1. If the patient desires to be cured of his own free will, buy ORRINE No. 2. Full directions found in each package. Price \$1 per box. We will gladly furnish a treatment free of cost to any physician to demonstrate that ORRINE is a positive specific for drunkenness.

All Correspondence Confidential. For free book—Treatise on Drunkenness and how to Cure it—write to THE ORRINE CO., INC., WASHINGTON, D. C., or call on SMITH'S PHARMACY, NEXT TO OLD POSTOFFICE, JANSVILLE, WIS.

## CHOIR FESTIVAL THURSDAY NEXT

BEAUTIFUL PRAISE SERVICE IS  
PLANNED FOR.

BE HELD AT TRINITY CHURCH

The Choir Has Been Preparing for  
a Long Time—Public Cor-  
dially Invited to Attend.

The Choir Festival to be held in  
Trinity church, Thursday evening,  
May 26th, promises to prove very in-  
teresting as well as profitable.

The Festival was decided upon last  
fall, when a few of the clergy and  
choir trainers met together to dis-  
cuss the matter. The intention at  
first was to have the Festival during  
the Epiphany Season, but the press  
of other work forced it into the  
weeks succeeding Easter. It is not  
the purpose of the choir to attempt  
anything stupendous at this Festival,  
but to make it a stepping stone to  
something on a grander scale. There  
will be between 75 and 100 vested  
men and boys in the Chancel, which  
is of good size. Several of the clergy  
will also be present.

**One Feature.**  
An interesting feature of the  
program will be a fifteen minute organ  
recital before the service by Mr. A.  
Cumberland Wilson, Mus. D., who  
holds degrees in music from both  
English and Continental institutions.  
He is the choir-master and organist  
of Grace church, having just entered  
on his work there.

**Choir Union.**  
When the Choir Union was organ-  
ized, the Rev. H. J. Purdie of St.  
Paul's church, Beloit, was chosen  
president, and Mr. H. E. Hancock,  
choir-master of Trinity church, sec-  
retary, and these together with the  
Rector of Trinity church were con-  
stituted a committee on arrange-  
ments. A sumptuous banquet will be  
provided for the chorists late in  
the afternoon, in the Guild hall.

**The Service.**  
The Order of service, will be as fol-  
lows:

1. 15 Minute Organ Recital by  
Prof. Wilson, Mus. D., beginning at  
7:10 p. m. sharp.
2. Organ Prelude and forming of  
Procession at 7:30.
3. Processional hymn, "Onward  
Christian Soldiers," 3d. setting—Full  
or.
4. Even song: Ferial Chant.
5. Magnificent and Nunc Dimittis—  
Kimmings.
6. "Sing Alleluia Forth."—Monk.
7. Sermon, by a visiting priest.
8. Anthem, "My Soul Truly Wait-  
eth."—Rea.
9. Closing prayers and benedic-  
tion.
10. Recessional, "The Spacious  
Firmament."—Hayfin's Creation.

**Public Invited.**  
The public are cordially invited to  
the service. The Organ Recital will  
begin at ten minutes past seven.  
No admission will be charged, but  
an offering will be taken up to help  
defray expenses. The clergy who are  
expected beside the Rectors of Trin-  
ity and Christ churches are: The  
Reverend Messrs. H. J. Purdie, Be-  
loft; Dean Chase, Mineral Point; A.  
Q. Davis, Platteville; E. J. Kelly, D.  
L. Madison; Clark Wilson, Evans-  
ville; and the Rev. Mr. Hise of  
Whitewater.

**The First Choir.**  
Trinity church was the first to in-  
augurate a Vested choir in the North-  
west. This was accomplished in 1860  
by Dr. Durlin, who drew abundant  
material for this purpose from the  
Parish school. Dr. Durlin was a  
pioneer in this as in many other  
things in the west and was closely  
associated with the noted and véné-  
rable Bishop Kemper, in his vast  
missionary work in the whole Mis-  
sissippi valley in those days. This  
is the 50th year since the translation  
of Bishop Kemper to this jurisdic-  
tion.

### TRUE PERSONALITY REACHED BY MUSIC

Prof. Tomlin Made a 'Strong Plea  
for Song in the Schools in  
Lecture Last Evening.

It was a most interesting and in-  
structive lecture that was given by  
Prof. Tomlin before an audience of  
six hundred at the high school au-  
ditorium last evening. His appeal for  
true music was a strong one and  
abundantly illustrated. He com-  
pared the life of a boy or girl to a  
diagram of three circles—one with-  
in another. The outer one might  
represent the ordinary workaday life  
in its superficial aspects, the inter-  
mediate, the mentality, and the inner  
one the true personality. As a gen-  
eral thing the schools reached the  
intermediate circle only, neglecting  
the outer and innermost ones. Music  
offered the means of reaching the  
true personality. It permeated all  
that was good in the garden of life.  
If the life of a boy or girl were  
filled with music the weeds of tempta-  
tion would be crowded out. Music  
was universal. All joy and sorrow,  
every worthy emotion, found in it ex-  
pression. He scored the theory that  
knowledge was all in all. There were  
three divisions of life, and mind, the  
will, and the heart. Each must be  
developed and controlled. Concern-  
ing the antiquity of music he said  
that the first instrument was the  
drum which expressed rhythm. Then  
the shepherd's pipe gave melody, and  
finally the lute or lyre was evolved  
in the process of development to give  
harmony. The appeal of rhythm was  
to the body and the will, melody to  
the mind, and harmony to the soul.  
Prof. Tomlin visited the grade  
schools yesterday and listened to the  
singing. He complimented the teach-  
ers very highly for the proficiency  
of the scholars. The tone and spirit,  
he found, were excellent and from  
the standpoint of music the Janes-  
ville schools were far in advance of  
a large majority of those which he  
had visited. This is high praise, com-  
ing as it does from one of the fore-  
most living authorities on children's  
voices. He made a short address in  
the high school during the afternoon,  
the central theme of his discourse be-  
ing the importance of a true voice  
in all phases of life and the acquire-  
ment of a voice that rings true  
through song. Great singers were  
not great primarily because of the  
wide range of their voices, but be-  
cause of their ability to throw their  
whole personality into the song.

## FIRST SHOOT OF PRESENT SUMMER

HIGH SCORE AND HIGH GUN TO  
J. H. McVICAR

NEW PARK IS NOW TALKED OF

Would Locate It Near Beloit—Month-  
ly Shoots with Beloit Trap-  
men Planned.

Yesterday afternoon, at the At-  
hletic park the first shoot of the sea-  
son was indulged in by the members  
of the Janesville Gun Club. The af-  
ternoon was an ideal one for shoot-  
ing and several excellent scores  
were made. J. H. McVicar carried  
off the honors of the afternoon, run-  
ning up the highest score and high  
gun.

**Made Good Record**  
Jack McVicar killed twenty birds  
straight on the first shoot and in the  
second contest he had 17 to his cred-  
it, this being the first time this sea-  
son that the members have done  
any shooting at all indications are  
that Mr. McVicar will keep up his  
present record during the coming  
summer months. Mr. Road of Be-  
loft, held second honors, killing thirty-  
four out of a possible forty birds.  
Messrs. Gordon of Beloit, and Hag-  
gart of Shopiere made good scores.

**Will Have A Park**  
It is the intention of the club to  
establish a park between Beloit and  
this city on the Interurban line so  
that meets can be held there. A  
number of Beloit crack shots have  
signified their intentions of joining  
the club if suitable arrangements  
can be made and a park be secured  
where they can spend an afternoon at  
this favorite sport.

**Yesterday's Score.**

jected this witness. But the time had now come for a more direct attack, and the interest rose correspondingly high when the coroner, lifting again to sight the scrap of paper containing the few pitiless lines so often quoted, asked of the now anxious and agitated witness if he had ever noticed any similarity between the handwriting of his wife and that of Miss Tuttle.

An indignant "No!" was about to pass his lips when he suddenly checked himself and said more mildly: "There may have been a similarity. I hardly know. I have seen too little of Miss Tuttle's hand to judge."

This occasioned a diversion. Spectators of Miss Tuttle's handwriting were produced, which, after having been duly proved, were passed down to the jury along with the communication professedly signed by Mrs. Jeffrey. The grunts of astonishment which ensued as the knowing heads drew near over these several papers caused Mr. Jeffrey to flush and finally to cry out with strident emphasis:

"I know that those words were written by my wife."

But when the coroner asked him his reasons for this conviction he could or would not state them.

"I have said," he stolidly repeated, "and that was all."

The coroner made no comment, but when after some further inquiry which added little to the general knowledge he dismissed Mr. Jeffrey and recalled Loretta there was that in his tone which warned us that the really serious portion of the day's examination was about to begin.

## CHAPTER XIII.

THE appearance of this witness had undergone a change since she last stood before us. She was shamed and still, but her manner showed resolve and a feverish determination to face the situation which could but awaken in the breasts of those who had Mr. Jeffrey's honor and personal welfare at heart a nameless dread, as if they already foresaw the dark shadow which minute by minute was slowly sinking over a household which up to a week ago had been the envy and admiration of all Washington society.

The first answer she made revealed both the cause of her shame and the reason of her firmness. It was in response to the question whether she, Loretta, had seen Miss Tuttle before she went out on the walk she was said to have taken immediately after Mrs. Jeffrey's final departure from the house.

Her words were these:

"I did, sir. I do not think Miss Tuttle knows it, but I saw her in Mrs. Jeffrey's room. I am not especially proud of what I did that night, but I was led into it by degrees, and I am sure I beg the lady's pardon." And then she went on to relate how after she had seen Mrs. Jeffrey leave the house who went into her room with the intention of putting it to rights. As this was no more than her duty, no fault could be found with her, but she owned that when she had finished this task and removed all evidence of Mrs. Jeffrey's frenzied condition she had no business to linger at the table turning over the letters she found lying there.

Her cheeks were burning now, for she had found herself obliged to admit that she had read enough of these letters to be sure that they had no reference to the quarrel then pending between her mistress and Mr. Jeffrey. Her eyes fell and she looked seriously distressed as she went on to say that she was as conscious then as now of having no business with these papers; so conscious, indeed, that when she heard Miss Tuttle's step at the door, her one idea was to hide herself.

That she could stand and face that lady never so much as occurred to her. Her own guilty consciousness made her cheeks too hot for her to wish to meet an eye which had never rested on her any too kindly; so nothing but straight the curtains fell over one of the windows on the opposite side of the room, she dashed toward it and slipped in out of sight just as Miss Tuttle came in. This window was one seldom used, owing to the fact that it overlooked an adjoining wall, so she had no fear of Miss Tuttle approaching it. Consequently, she could stand there quite at her ease, and, as the curtains in falling behind her had not come quite together, she really could not help seeing what that lady did.

Here the witness paused with every appearance of looking for some token of disapprobation from the crowd.

But she encountered nothing there but eager anxiety for her to proceed, so without waiting for the coroner's question, she added in so many words:

Dear Sir: There are these five ways of badness in paint:

(1) stuffed out with chalk, or something like that;

(2) barytes, better than chalk, but no covering to it; nobody knows it's there;

(3) benzine in the old, or water, or other such stuff;

(4) too thin—too much liquid, whatever it is, for the solid;

(5) short measure.

Now will you buy by the price per gallon?

**My Life**

**Hung On a Single Thread With Heart Disease.**

You should never wait until your life hangs in the balance before you give the necessary aid to your sick heart.

A weak heart is always serious, for it affects every organ of your body through its inability to purify and keep the system supplied with pure, rich, life-giving blood.

Any indication of heart trouble, such as shortness of breath after exercise, redness of face, hot flushes, oppressed feeling in chest, weak, hungry spells, palpitation, dizziness, sudden starting in sleep, irregular pulse, is serious, and should be cured at once.

The safest and surest treatment is Dr. Miles Heart Cure, a nerve and muscle builder, a blood tonic. It acts directly on the heart nerves and muscles, giving them strength and vigor, and relieves every symptom of a sick heart.

Your life depends upon your heart, and a weak, diseased heart, like a single thread, can endure but little.

"I suffered for years with my heart. At times my life hung by a single thread. A number of physicians and an eminent specialist treated me. Without the knowledge of my doctor I took Dr. Miles' Heart Cure. It lifted the pain from my heart, and caused a free circulation of blood. I am now able to attend to my affairs, something I had never hoped to do again."—MRS. J. E. KOLBES, 156 Clinton St., Cleveland, Ohio.

## As You Like It

That is about the way The Mutual Life Insurance Company of New York issues policies in these days of varied requirements in business and family life. Mr. Ebe Walter, of Clarksville, Del., writes:

The feature which I particularly like about my policy is that the longer I live the more I get and that during the balance of my life there is nothing more for me to pay.

(From Wilmington (Del.) News, Nov. 27, 1902.)

In writing for terms for a policy of this kind, state what you would like to receive in cash at the end of limited payment period.

## METHODISTS SELECT SEVEN OF THE BISHOPS

Eighth Place is Thought to Lie Between Dr. Day and Dr. Cooke, With Latter Leading.

Los Angeles, Cal., May 21.—With the adjournment of the general Methodist conference at 6 o'clock Friday evening, seven of the eight bishops to be elected had been chosen and the eleventh ballot, taken just before adjournment, probably has resulted in the election of the eighth. The list of bishops thus far chosen follows:

Joseph F. Berry of Chicago; Henry F. Spellmeyer of Newark, N. J.; William F. MacDowell of New York; James W. Bashford of Delaware, O.; William Burt of Rome, Italy; Luther B. Wilson of Baltimore, and Thomas N. Neely of Philadelphia.

Dr. Burt was elected on the fifth ballot. Dr. Wilson was chosen on the sixth ballot.

The seventh and eighth ballots resulted in no election, but on the ninth Dr. Neely was elected by 486 votes out of the 700 cast, 467 being necessary to a choice.

The tenth ballot was taken shortly before adjournment Friday evening and resulted in no election. Dr. J. R. Day received the highest number of ballots—311 out of a total of 706 cast, 471 being necessary to a choice. This showed that Dr. Day had lost 39 votes, he having polled 350 in the ninth. Election of the eighth bishop is thought to lie between Dr. Day and Dr. R. J. Cooke of Chattanooga, with the chances favoring the latter.

### THROWS \$4,000 IN THE RIVER

Does It to Spite Relatives Before Taking His Own Life.

Green Bay, Wis., May 21.—Between \$3,000 and \$4,000 in cash was thrown into the Fox river by Joseph Doehm previous to his suicide at his home here by hanging. A note written by Doehm, and found near where the hanging took place, gives all the particulars. It states that the deceased had determined that his relatives as well as those of his wife, who he claimed were trying to get his money, should not succeed in their attempt, and that he had therefore thrown it in the Fox river near the Dousman mill.

### Gives \$500 to Honest Man.

Washington, May 21.—M. P. Jones, negro, restored a lost bundle containing \$88,000 in securities to the owner and received \$500.

### Uses Canceled Stamps.

McFall, Mo., May 21.—Mrs. M. J. Graham, wealthy, was arrested for re-using canceled postage stamps.

### WHAT THIS MAN SAYS

Only Re-echoes the Sentiment of Thousands in Our Republic.

The Janesville reader is asked to thoroughly investigate the following: gentleman whose statement is published below will only be too pleased to answer any communication mailed to him if the writer really suffers from the annoying consequences which always attend inactive or weakened kidneys.

W. Samp, of 412 Euclid avenue, proprietors of the largest rock quarrying business in Beloit, says: "I had trouble with my kidneys for many years. It consisted mostly of a lame and aching back, and there were occasions when I had such severe attacks that I could not get out of the house for two or three weeks at a time. I was then practically helpless for it was painful to move. At other times it assumed a milder form, being a dull aching across my kidneys. I used medicines of different kinds but I never found anything that gave me the satisfaction that Doan's Kidney Pills did. This remedy is worthy of a high recommendation and it is a pleasure for me to endorse it as doing all that is claimed for it."

Plenty more proof life this from Janesville people. Call at the People's drug store and ask what their customers report.

## Two More Carloads..

### One to Sharon...

28,000 pounds in that carload. It was fine work. The people at Sharon who watched us set it said, "It is the finest work we ever looked at." We appreciate such thoughts. We like compliments when we feel they are deserved.

### One to Our Yards...

One car of fine granite was placed in our yards. This week to be made into fine monuments. Decoration day is near at hand, and we are busy. 'Tis the fellow that "can deliver the goods," the quality of goods, that usually "gets busy." It is the ability to turn out more and better work than any other monument house in Southern Wisconsin, keeps us busy.
